Bluebox Qualifications Standard

Bluebox Qualifications Standard is an internal quality standard that ensures qualifications meet the requirements of HSE, OFSTED and EYFS.

All Bluebox Qualifications monitored by this standard are compliant with the HSE GEIS13 for selecting a training provider.

Bluebox Qualifications Standard Ensures:

Trainer Qualifications

Internal Quality Assurance

Course Syllabus and Blended Learning

Certificate Standards

Learner policy and procedures

External Quality Assurance

Trainer Qualifications

All trainers delivering Bluebox Learning courses will hold a formal teaching/training qualification.

All trainers will also hold relevant qualifications relating to the competency of the course that is being taught.

Trainers will attend regular CPD and Standardisation activity

Internal Quality Assurance

Trainer Observations are conducted on a 6-month cycle.

All first aid training equipment is maintained in line with Bluebox Learning Equipment policy.

Learners are invited to issue feedback at anytime regarding their learning experience.

All course material is reviewed annually to ensure compliance and best use of learning delivery styles.
